

# Eclipse®

# CONTOUR Plush

This mattress is  
Adjustable Base  
Friendly

### High Resiliency, Plush Foam Core

Contains high-density cells that achieve the comfort level needed in a mattress. It has an excellent initial comfort and luxurious feel. Not only is it initially soft, but the high-density cells won't bottom out over time.

### Gel-Infused Foam Layer

Gel infused foam helps maintain your body temperature for a deeper sleep. It's designed to absorb and distribute pressure.

### Memory Foam Comfort Layer

Open-celled visco-elastic memory foam that gives superior response to your shape and body temperature to reduce pressure points.
